THUẬN GIAO, THUẬN AN, BÌNH DƯƠNG

TRAN DUC TRA

FRESHER MOBILE DEVELOPER

CARRSIER OBJECTIVES

- I am a passionate **Mobile Developer** with experience in **Flutter (Dart)** and **React Native**. I am looking for an opportunity to work in a dynamic tech company where I can enhance my skills, learn new technologies, and contribute to building high-quality mobile applications. My goal is to become a **Fullstack Mobile Developer**, proficient in both frontend and backend development, capable of delivering scalable and efficient cross-platform applications.

CERTIFICATE

AIoT certification issued by Vietnamese-German University (VGU).

EDUCATIONAL BACKGROUND

Thu Dau Mot University

2020 - 2024

Major: Software Engineer

GPA: 3.2/4.0

SKILLLS

Programming Languages:

- Dart (Flutter)

- JavaScript, TypeScript (React Native)

Frameworks & Libraries:

- Flutter (Provider, GetX)

- React Native (Redux, React Navigation)

- Node.js (Backend Development)

- Next.js (Web Framework, API Routes, SSR)

Technologies & Tools:

- Firebase (Auth, Firestore, Storage, Cloud Functions)
- RESTful API
- Git, GitHub/GitLab

Others:

- Design Patterns
- Performance Optimization & State Management

Language:

- Intermediate English (Read and understand technical documentation).

PROJECT

TDMu-book
